

# TO OUR VALUED CUSTOMERS

# Covid-19 Guidelines

The health and safety of our customers and associates is our highest priority. In light of the COVID-19 virus presence on Long Island, we have intensified our disinfecting and cleaning procedures of touch surfaces to maintain a sanitary environment.

We have established a task force to address your concerns and to monitor developments related to this virus. The task force is closely following the guidance of the Centers for Disease Control and Prevention (CDC) along with the Departments of Health for both Nassau and Suffolk Counties. King Kullen will adjust protocols as these authorities issue new guidance and will work with them directly at the local level as needed.

For more information you may call the Nassau County Coronavirus Call Center at 1-516-227-9570.

For Suffolk County please call the NYS Coronavirus Hotline at 1-888-364-3065.

We hope this information is helpful and extend our best wishes for your health and safety, as well as that of your friends and family.

Thank you, King Kullen Management
